

BOLTGAS®

TRUSTED INGENUITY & SERVICE EXCELLENCE

Corporate Profile

About Boltgas

Since 2005, **Boltgas** has supplied a quality range of customised services and equipment, components and aftermarket products to mining and industrial customers in southern Africa.

With access to **leading brands** in **steel products**, **filtration**, **hydraulics**, **mineral processing, ground support, materials handling** and **transmission technology**, together with holistic experience and technical know-how, we seek to be a leading supplier of engineered solutions for our customers. By listening to our customers and understanding their operational challenges, we provide solutions and supply chain reliability to help them improve productivity.

Boltgas' engineering expert solutions cover the following:

- Sourcing and supply of spare parts, consumables, equipment and solutions
- Civil, electrical and mechanical engineering services
- Design & project management
- Procurement, supply chain and logistics management

Our clients include **international mining companies, industrial and agricultural clients, power and water utility companies, governmental and quasi-governmental institutions,** as well as **NGOs**.

Leadership

Our leadership has successfully established Boltgas as a reputable brand in the supply of quality engineering solutions and equipment. With extensive experience in mineral processing, materials handling, surface and underground mining engineering projects, including feasibility, valuation and management. The team is committed to acting responsibly in providing solutions that foster sustainability with emphasis on good corporate governance.

BOLTGAS® INDUSTRIAL & MINING

Our Presence

Over 15 years' of experience in the industry, with a dedicated team which combines proven business skills across the SADC region to develop and provide customer-centric solutions. Currently headquartered in South Africa with presence across Zimbabwe and the DRC.

BOLTGAS ETHOS

Our Vision

Advancing sustainable engineering solutions to the world from a unified force

Our Mission

We provide our customers with superior engineering solutions that satisfy all stakeholders

We are a dedicated and customer-focused team

We have a skilled and committed workforce that includes financial managers and engineering professionals from across mining, electrical, mechanical and civil fields, combining extensive engineering and application expertise with immense corporate management experience.

Our Values (5P's)

Proactiveness
We innovate to make things happen

Partnership
We are in it together

Professionalism
We competently deliver quality solutions

Promise Fulfilment
We honor our word

Personal Touch
We deliver a unique service

BOLTGAS INDUSTRIAL & MINING

OUR PRODUCTS

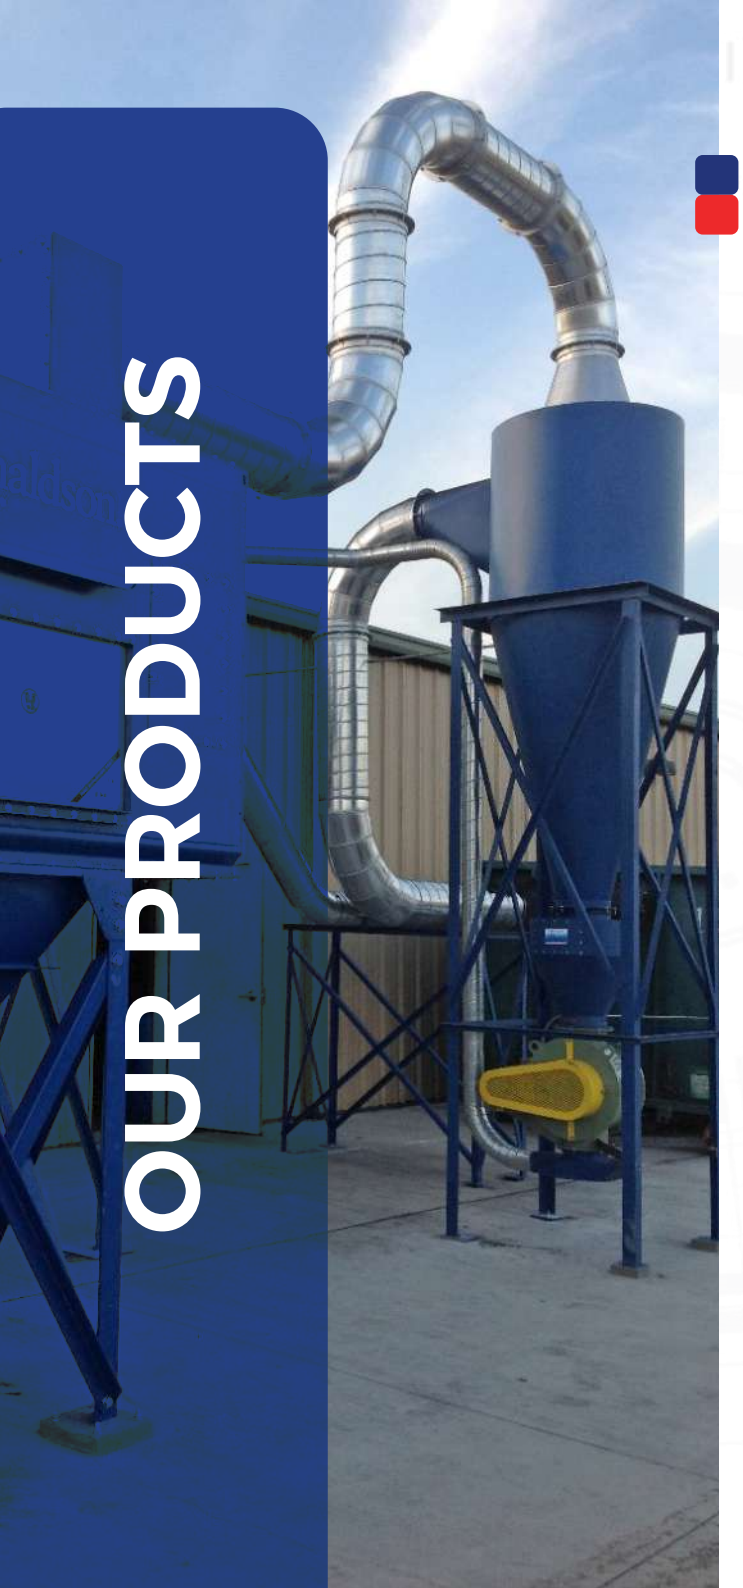

Hydraulics and Pnuematics

- Motors, Pumps, Pump systems
- Power units, Manifolds & plates
- Valves, Electronics & control systems, Sensors, Accumulators
- Hose, fittings, couplings, seals
- Hydraulic maintenance tools
- Mobile Hydraulic Services
- Hydraulics on-site Workshops
  - » Crimping of hoses on the surface improves stock monitoring and quality control management
  - » Enables Sentry ID Systems
  - » Pressure test bench and dialysis machine for lube management.

OUR PRODUCTS

Filtration technology

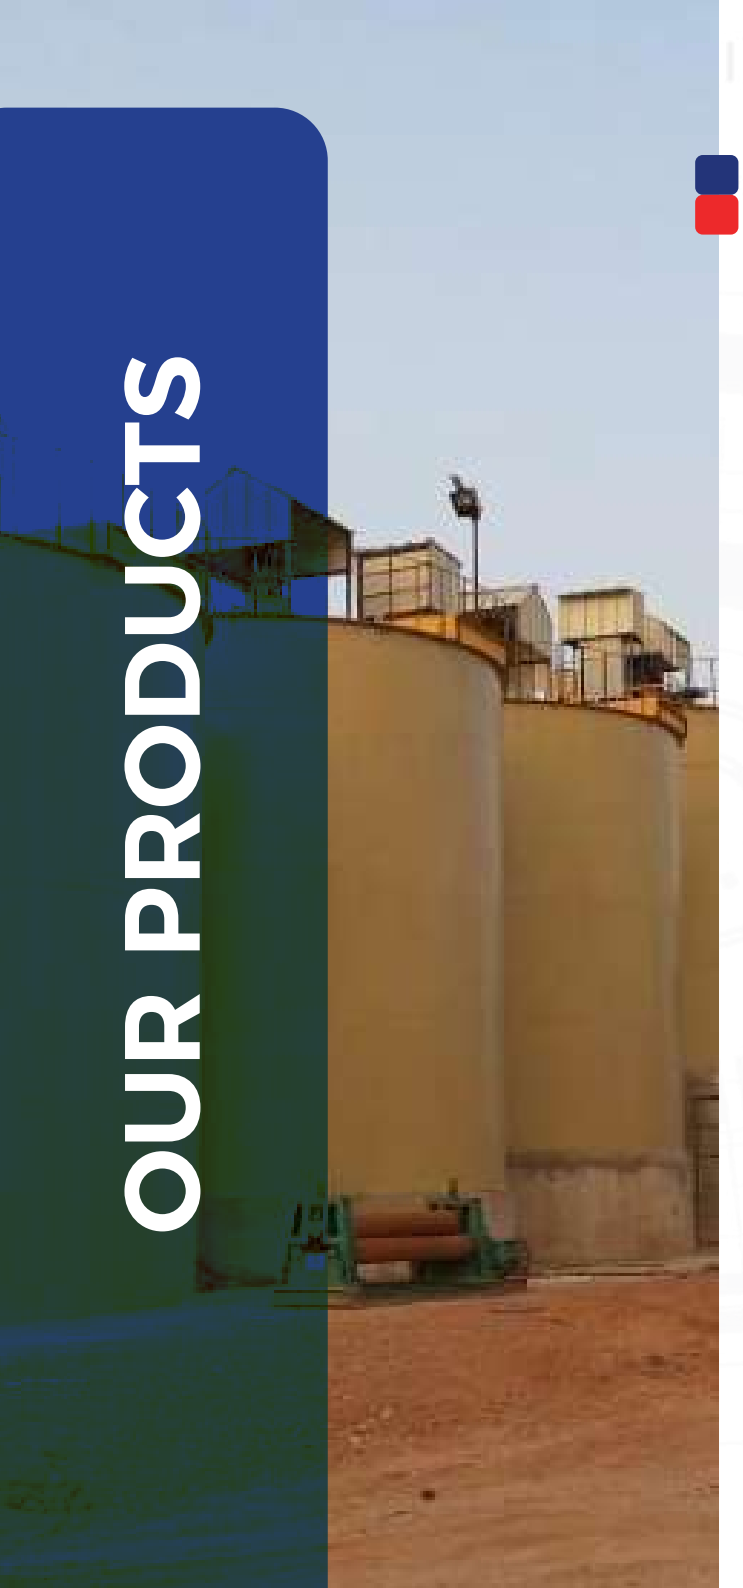

Engine filtration

- Fuel, lube, coolant and air intake filters
- High performance filtration
- Agricultural filtration
- Mining filtration
- Air filtration
- Hydraulic filtration
- Lube filtration
- Fuel filtration

Industrial filtration, Dust suppression and mine ventilation

- Cartridge dust collectors and filters
- Baghouse dust collectors and filters
- PowerCore dust collectors and filter packs
- Mist collectors and filters
- Cyclone dust collectors
- Fume collectors
- Panel filters and accessories

OUR PRODUCTS

Mineral processing solutions and equipment

- Agitation equipment
- Agitation process tanks and accessories

OUR PRODUCTS

Ground Support

Solutions for rock and ground stability and safety

- Capsule grouts
- Pumpable grouts
- Pumpable construction cements
- Steel and GFRP products (Glass Fiber Reinforced Polymer)
- Injection Resins
- Sprayed membranes and coatings
- Pipeline products

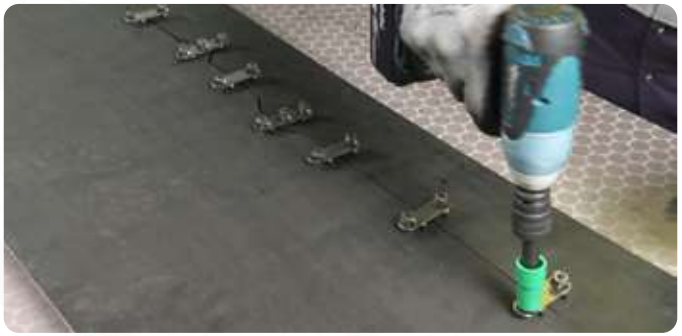

BOLTGAS® INDUSTRIAL & MINING

Material handling

- Conveyor belting and equipment
- Pipes and hoses
- Transmission technology
- Pumps
- Valves

OUR PRODUCTS

General Engineering products

- Steel – High and low carbon steels, stainless steel
- Seals and bearings
- Electric motors and geared products
- Tools and equipment

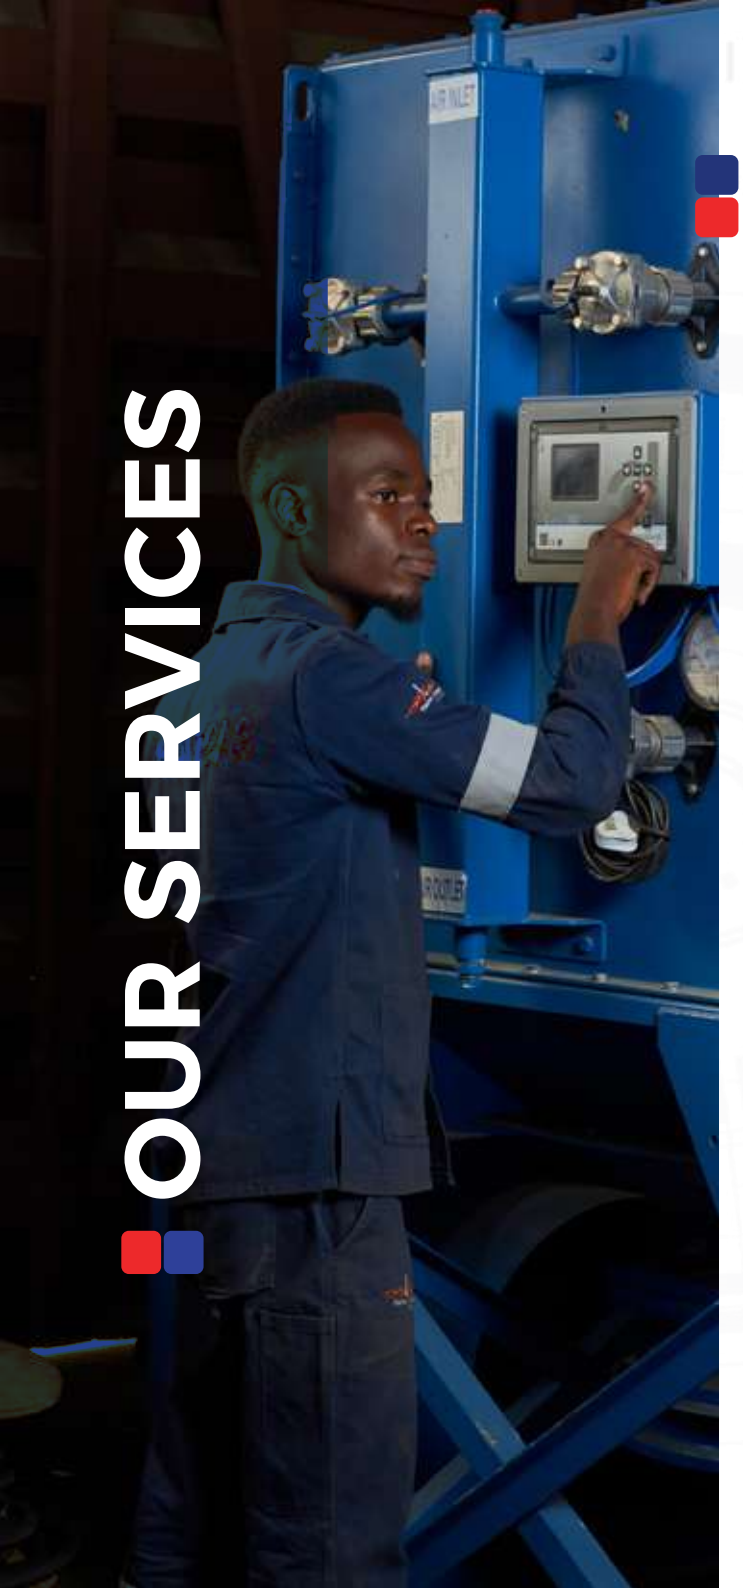

OUR SERVICES

Our Services

- Sourcing and supply of spare parts, consumables, equipment and solutions
- Consulting services and solutions for Industrial and Mining clients
- Designing & Detailing
- Structural Steel works
- Plate works
- Pipe works
- Plant Refurbishment, Rehabilitation and Maintenance
- Site works
- Mechanicals
- Civil structural works
- Electrical works
- Project management services
- After sales technical support
- Labour Hiring services

OUR SERVICES

We supply world-leading brands to Africa's industries:

rexroth A Bosch Company

Donaldson FILTRATION SOLUTIONS

Gates

INTERPUMP FLUID SOLUTIONS

VULKAN

JACHRIS HOSE & COUPLINGS

SPX WHERE IDEAS MEET INDUSTRY

intertraco

OUR PROJECTS

Our Projects

MUROWA DIAMONDS

Project Description:
Design, supply and erect a 14 km long x 250mm diameter HDPE high pressure emergency water pipe

Duration:
13 months

INDENI PETROLEUM REFINERY COMPANY LTD

Project description:
Overhauling, cleaning and carrying out Non- destructive tests on the hydrogen cylinders and accessories for the refinery

Duration:
4 months

MIMOSA MINES

Project Description:
Design, construction and commissioning of ventilation fan system at 321 Raisebore

Duration:
12 months
